

We are a busy chiropractic clinic looking for a Rehabilitation Specialist / Physical Therapist to join our team. Our clinics perform spinal manipulations, soft tissue therapy, corrective/functional exercises, cryotherapy and custom orthotics. We prioritize patient goals and our focus is to get them back to doing what they love.

The ideal candidate will have exceptional people skills and a genuine passion for helping others. Reliable transportation is a must, as working at each of our offices may be needed. We have a tight knit team, and want to bring someone on that enjoys working in a high energy and purposeful environment.

### **Main Job Tasks and Responsibilities**

#### **Primary Responsibilities:**

- Working directly with patients and our chiropractors to create and execute custom rehabilitation/exercise programs.
- Communicating with patients via email regarding their rehabilitation program and being a resource for any questions or concerns they may have
- Keeping the rehabilitations floor clean and organized.
- Documenting details in our computer system (Practice Studio).
- Attention to detail to ensure notes and charges are entered accurately and completely.
- Must have a great attendance record, attend work on time, act and appear professional.

#### **Secondary Responsibilities:**

- Ensuring that rehabilitation equipment is in good working order.
- Assisting with patient scheduling as needed.
- Supporting administrative staff when necessary.
- Occasional marketing.

### **Requirements:**

- Must be at least 18 years of age.
- High school diploma or equivalent.
- Personal Training Certification (NASM, ACSM, NCSA).
- Basic computer knowledge: Working knowledge of Microsoft Outlook and Word

### **Preferred Qualifications:**

- Bachelors degree in exercise science, kinesiology, human physiology or general sciences
- Previous experience in a chiropractic or physical therapy office.

We offer competitive wages, excellent benefits and an opportunity to work in a growing office with a wonderful team, for great physicians. We are proud to be the team of physicians for our local area high schools, Olympic athletes, along with professional sports teams, including the Seattle Thunderbirds.
