

Acupuncturist (LAc)

Bring balance and harmony to our integrated care model through acupuncture and holistic wellness techniques.

About the Role

Our Acupuncturists provide traditional Chinese medicine within a modern chiropractic environment. You'll help patients reduce pain, manage stress, and achieve balance.

Responsibilities

- Conduct acupuncture treatments and consultations.
- Collaborate with providers for integrated care.
- Document progress and educate patients on wellness.

Qualifications

- Licensed Acupuncturist in Washington.
- Strong communication and patient-education skills.
- Passion for holistic, team-based healing.
